

PELI Glass Products

specialized wholesaler for glass and ceramic supplies

Painting Kits as used by Williams & Byrne

Tools, Materials & Techniques / Gereedschappen, Materialen & Technieken

A collaborative effort with Williams & Byrne, the authority behind Kiln Fired Stained Glass Painting - Your Best Guide (www.RealGlassPainting.com) to complement all their articles, guides and online videos. Two of the kits are paints, and two are tools.

Exclusively for PELI contacts from Williams & Byrne: Free online video demonstration and special offers (www.RealGlassPainting.com/peli).

Een samenwerking met Williams & Byrne, de experts achter Kiln Fired Stained Glass Painting - Your Best Guide. Alle artikelen, aanbevelingen en online video's kunt u vinden op hun website (www.RealGlassPainting.com). Er zijn twee pakketten met glasverven, en twee met gereedschappen. Uitsluitend voor PELI relaties: gratis online video demonstratie en speciale aanbiedingen (www.RealGlassPainting.com/peli).

These timeless paints can be used for tracing, shading and flooding. All the paints in this kit can be used with both sets of tools, Classic Glass Painting Tools (water-based work) and the Advanced Glass Painting Tools (oil-based work).

Deze tijdloze verven zijn voor het contouren, tonen aanbrengen, en dassen. Al deze glasverven kunnen worden verwerkt met behulp van de twee gereedschap pakketten, Classic Glass Painting Tools (voor water) en Advanced Glass Painting Tools (voor olie).

Two silver stains tones for use with water or oil. When mixed with oils, these stains will allow you to make batches that last for months. This kit is meant to be used with the Advanced Glass Painting Tools.

Twee zilvergelen voor gebruik met water of olie. Bij het mengen met oliën, kunt u deze mix maanden bewaren. Dit pakket is bedoeld om te worden gebruikt met het pakket Advanced Glass Painting Tools.

For water-based techniques, this kit includes the tools to mix the Classic Glass Paints, and the brushes to apply and refine the paints.

Voor gebruik met water, hulpmiddelen om de Classic Glass Paints te mengen, te schilderen en te dassen.

For oil-based techniques, the tools and materials to create shading and brilliant textures. Use this kit with either the Classic Glass Paints or Silver Stains; but to prevent contamination, always use separate brushes for glass paint and silver stains.

Voor het gebruik met olie, penselen en kwasten om te contouren, tonen aan te brengen en te dassen. Gebruik met Classic Glass Paints of Silver Stains; om vervuiling te voorkomen moet men verschillende penselen en kwasten gebruiken bij het schilderen met zilvergelen of andere glasverven.
