Ingestion: If conscious, give large quantities of water or milk. Induce vomiting. Call a physician.
Wash contaminated clothing prior to reuse.

5. Fire fighting measures

No special firefighting procedures required. Material will not burn, however, use water to cool metal containers. Toxic fumes may be evolved during a fire.

6. Accidental release measures

Use appropriate protective equipment during clean up. Vacuum, with an H.E.P.A. filter-equipped vacuum, or use wet clean-up techniques and place recovered product in a closable container. Do not dry sweep lead-containing dusts.

7. Handling and storage

Handling

Use adequate localized ventilation for all handling operations. Use respirators equipped with dust, fume, and mist H.E.P.A. filter cartridges during all handling operations. Rubber gloves recommended. Protect eyes from dust particles, use safety glasses or goggles. Take necessary steps to avoid the contamination of footwear worn away from the work place. Keep away from food and food products. Wash hands after use.

Storage

Product has unlimited shelf life. Store in closed containers. Empty containers should not be reused except for similar glass paints and should be disposed of in accordance with regulations. No special requirements for storerooms. For manufacturing use only.

8. Exposure controls / personal protection

Use adequate localized ventilation for all handling operations. Use respirators equipped with dust, fume, and mist H.E.P.A. filter cartridges during all handling operations. Rubber gloves recommended. Protect eyes from dust particles, use safety glasses or goggles. Take necessary steps to avoid the contamination of footwear worn away from the work place. Keep away from food and food products. Wash hands after use.

Do not allow undiluted product or large quantities of it to reach ground water, surface water or sewage system.

9. Physical and chemical properties

Color: brown

Odor: odorless

Important health, safety and environmental information

Boiling point: not applicable

Flame point: not applicable

Flash point: not applicable

Lower explosion limit: not applicable

Upper explosion limit: not applicable

Specific gravity (H₂O = 1): approx. 3.5

Water solubility: insoluble

pH: not applicable

Viscosity: not applicable

Vapor pressure (mm Hg): not applicable

Vapor density (air = 1): not applicable

Percent volatile by volume (%): 0

Evaporation rate (BuAc = 1): not applicable

Other information

Melting point: approx. 630°C

10. Stability and reactivity

Stable. Hazardous polymerization will not occur.

Conditions to avoid – not applicable.

Materials to avoid – not applicable.

Hazardous decomposition products – not applicable.

11. Toxicological information

Acute effects:

Irritant effect on the skin: no irritant effect known.

Irritant effect on the eye: no irritant effect known.

Sensitization: No sensitizing effects known.
